FIVE REASONS TO CHOOSE CAMELOT AS A PARTNER FOR MASTER DATA MANAGEMENT

WE UNDERSTAND MDM HOLISTICALLY!

- Our holistic and integrated master data best practice framework enables us to accelerate MDM initiatives significantly

WE SPEAK THE CLIENT'S LANGUAGE!

- Our clear industry focus ensures that our consultants are not only experts for MDM but are also well familiar with industry specifics
- CAMELOT guided more than 20 companies of the global leading life sciences, chemicals and CPG companies in defining their long-term master data strategy, governance & organization

WE HAVE UNRIVALED SUCCESS STORIES!

- Camelot is the consultancy with the strongest track record of successful MDM projects
- More than 50 customers in the last 5 years in the areas of MDM strategy, governance, processes, and tools from the life sciences, chemical, CPG & manufacturing industries including:
 - One of the first SAP MDG implementations worldwide for the Merck Group
 - The biggest MDM program in life science industry for TEVA (including SAP MDG implementation)
 - The first SAP MDG 9.0 on HANA Enterprise Cloud

WE ARE AN INNOVATION LEADER!

- CAMELOT offers early insights in innovation projects for next generation MDM solutions like SAP MDG in the Cloud, IDMP, Value Driven Data Quality Management, Blockchain (see more <http://camelot-digital.com/en/>)
- CAMELOT is first mover & innovation leader for next generation MDM collaborating with leading universities and software providers

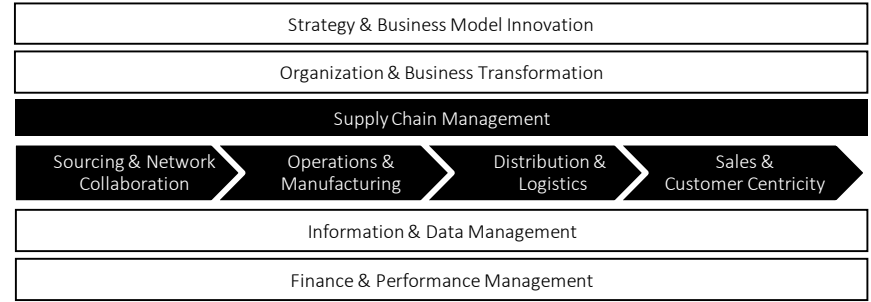

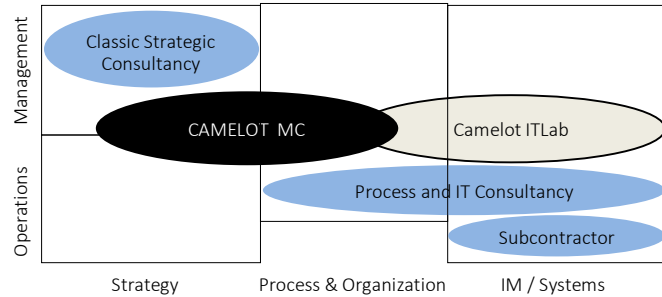

WE ARE A TECHNOLOGY LEADER!

- CAMELOT is # 1 SAP MDG system integrator & worldwide the only consultancy with full cycle SAP MDG implementation experience in the life science & chemical industries for all data objects (see also GARTNER's [Market Guide for MDM External Service Providers](#))
- CAMELOT offers unique MDM experience on SAP MDG for pharmaceuticals, chemicals and CPG with pre-configured deployment solutions & more than 200 universal and industry specific templates
